Supported Internships

Essential Data

Manchester has developed a Supported Internship Data Tool which was implemented in September 2023. We will be asking colleges to complete and return this to us annually.

The Data Tool is a 'self-assessment' and acts as a census as well as capturing information on internship outcomes.

The first Tool asked for historic data from 2021/22 onwards, so that we could understand the growth of internships over the period.

Essential Data

Outcomes that we track include:

- Number of Interns
- Number of Pre-Interns
- How many secured paid work (16+ hours)
- How many secured paid work (<16 hours)
- How many participated in voluntary work?
- How many went on to Further Education?
- How many were NEET following the internship?

We also ask colleges to draw a distinction between interns that have an open EHCP to MCC, and those from outside of Manchester.

In & Out of Borough Internships

MCC Residents ONLY	Supported Internships		Pre-Supported Internship	
Provider	22/23	23/24	22/23	23/24
TMC	48	42	16	15
Loreto	2	4	0	0
Growth Company	0	1	0	0
Salford College	0	1	0	0
Trafford	0	0	0	3
DISC	6	4	0	10
PINC	2	1	0	0
Tameside	0	1	0	0
Choices College	0	1	0	0
Total:	58	55	16	28

Annual Totals

2022/23: 74

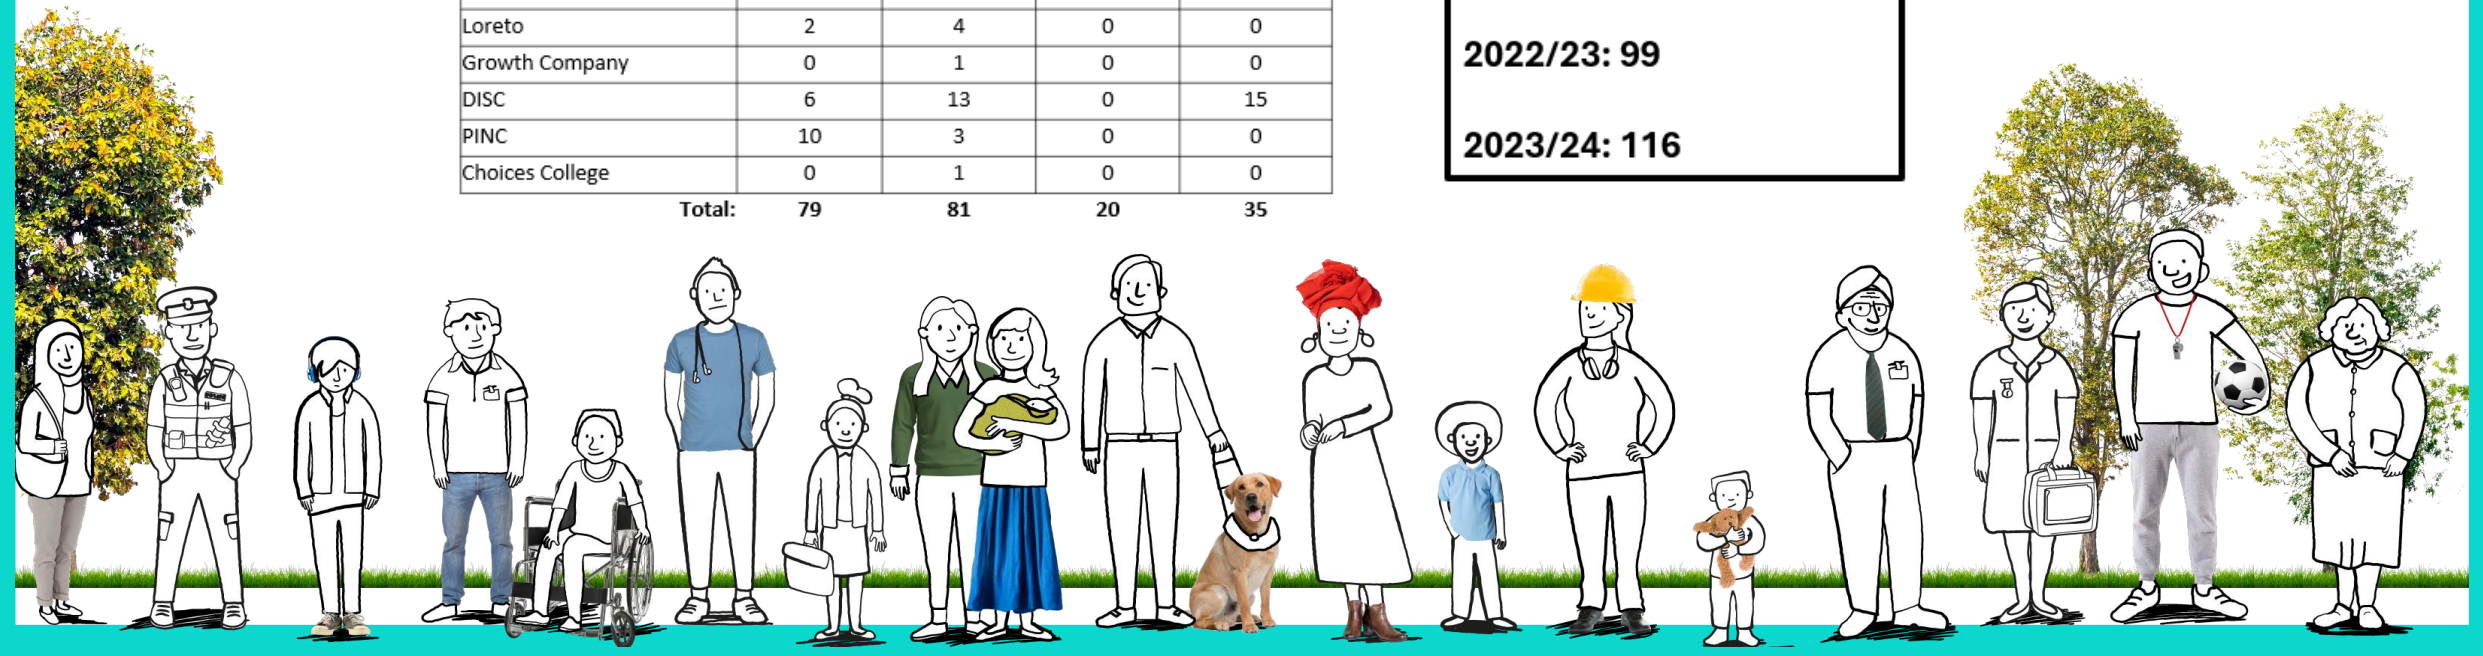

2023/24: 83

COMBINED	Supported Internships		Pre-Supported Internship	
Provider	22/23	23/24	22/23	23/24
TMC	61	59	20	20
Loreto	2	4	0	0
Growth Company	0	1	0	0
DISC	6	13	0	15
PINC	10	3	0	0
Choices College	0	1	0	0
Total:	79	81	20	35

Annual Totals

2022/23: 99

2023/24: 116

Sufficiency

- **Via our Preparation for Adulthood Network, SEND Employment Forum and Post-16 SEMH Provider Forum, we frequently share EHCP population data and ask providers for their plans to expand internships in Manchester.**
- **We also engage with our Work & Skills Team & Social Value Leads to ensure employers know about internships and our encouraged to provide opportunities.**
- **At our last SEND Employment Forum, because of our work promoting internships across MCC, we had four construction companies in attendance.**
