

Learning Together: Inclusive Research Training Menu

To start - the foundations

Getting to know you

What is research?

Being an ethical researcher

Optional: who are you as a
researcher?

Main course – research methods

Mix and match the following training sessions according to your project needs.

Interviews

Focus groups

Surveys

Case studies

Using social media

Using creative
methods

Change stories

For afters - analysing and sharing your findings

Choose one or both, depending on methods:

Making sense of what it
means: words

Making sense of what it
means: numbers

And finish with:

Sharing what you found out
