Widening the range of support options for older people

Invitation to a Community Conversation

Come and join us for an informal chat

With help from City of Bradford Metropolitan District Council and Bradford and District Age UK we are holding a meeting to find out what life is like for older people in your community.

We really want to hear from people involved in commissioning support and services in Bradford that help older people to stay connected and feel valued. This can include older people who self-fund or use personal budgets, as well as those from health and social care with a strategic commissioning role. We would like to hear about what is working well, what needs to change and how, to widen the range of support options available to older people.

Your experience and ideas will shape a new project finding better ways to help older people across the UK have a good life.

When: 24th January 2018
Time: 1-3pm
Where: The Clock Tower
Kala Sangam Arts Centre
St Peter’s House
1 Forster Square
Bradford
BD1 4TY

To book a place please contact the project administrator Becky Strike: email becky.strike@ndti.org.uk or call 01225 789135

About Us

Community Catalysts and NDTi are two national organisations working together to find better ways to help older people stay independent, connected to their friends and neighbours and feel valued.
